**RE: Reference letter for Dmxchange Builder Pte Ltd**

DMX has successfully completed our new office interior fitting-out works last year and I am very satisfied with the design and quality of work done. I would highly recommend DMX as their creativity, workmanship, service and professionalism was invaluable to me. Despite numerous changes in requirements and tight schedule, DMX manage to complete our 9,000 sq. feet office in 6 weeks construction period with excellent workmanship and quality of finishes.

It was truly a pleasure working with DMX and I can recommend them as a professional and reliable firm in their field.

Yours faithfully,
